

MANUAL NETS HAULER 921

Non contractual pictures

Technical information

Dimensions: 42 x 24 x 40 cm

Weight: 7 kg

Provided with :

- A stainless steel multi-positions foot

Description

The manual nets hauler 921 will help you retrieve your trammel.

The composite drum Ø 400mm is in a diabolo shape with some grooves. It is build on a stainless steel frame with a freewheel system.

The nets hauler drum can be easily replaced by the optional capstan head (ref 931200).

In both cases, a rotating davit arm with its stainless steel open pulley block (ref 921602) can be incorporated to the frame.
